WEEK 1

Start Strong

Successful students start good habits the first week that help lead to a successful semester.

3 Ways to Roar This Week:

1. Go to class

Students who attend class perform better. Get there on time by foot or use the shuttle!

2. Read your syllabus

Each class has a syllabus posted to myCourses that contains important information you should read. This includes assignment due dates, grading policies, and office hours where you can ask questions.

3. Check myRIT

This university-wide resource for students is your hub for links, guides, and shortcuts to tools like myCourses, SIS, Starfish, and so much more. Check it out this week.

What Students Say

Take advantage of resources, study hard, and jump on counseling opportunities to figure out your schedule before it's too late.
