

Fried Phish

STAY SAFE IN DANGEROUS WATERS

PHISHING SCAMS

Phishing scams are online attacks where scammers pretend to be real organizations to steal sensitive information

These attacks impact 73% of Americans every year

STAY SAFE

Every age group, from under 18 to over 60, is targeted by these cyber attacks

BE ALERT

Fried Phish keeps you informed about potential scams, and blocks any threats to your online safety

EASY USE

Our app is designed to be user friendly, so everyone can stay safe, regardless of internet knowledge
